Learn To Fly Day
Let Your Dreams Take Flight

*Come out to celebrate & participate in
International Learn to Fly Day
May 15, 2010*

*147 cities, 300 locations
and one is right here
at Oxford-Henderson Airport
EMPIRE AVIATION
919-693-4300
www.Empire-Aviation.com*

Bring your family, friends or just yourself. This event gives you the opportunity to experience the dream of the Wright Brothers which was realized here in North Carolina in 1903.

Learn To Fly Day May 15, 2010

Empire Aviation has been teaching people in the triangle to fly since 1993. Here at our base at Oxford-Henderson Airport we have programs that can take you from the Private Pilot License all the way to Instrument Flight to the Commercial Pilot level.

Our experienced instructors have amassed over 130 years of flight training and preparation. Remember, they started where you're at, too. Since 1993 we are proud to boast that more than 95% of our students obtain their Private Pilot Certificate on the first check ride, and 100% on the second.

Don't pass up the opportunity to learn from some of aviation's finest and friendliest instructors here in your own "back yard"!

Paul Hesse, Owner, Empire Aviation
CFII, Gold Seal Flight Instructor
2002 North Carolina Flight Instructor of the Year

Besides flight lessons and ground school for the FAA Private Pilot test, Empire Aviation also offers:

- ~ *Gift certificates*
- ~ *Scenic rides around the triangle and southern Virginia*
- ~ *Photo flights*
- ~ *Aviation Merit Badges for Boy and Girl Scouts.*
- ~ *4-H and FFA educational assistance*

A country, family, relaxed atmosphere here at the airport in Oxford.
